TECHNICAL ASSISTANT - Projects & Partnerships

Division: Stewardship

Competition Number: 2010-PP-01

Location: Swift Current

Hourly Rate: \$15.95 - \$19.94 (under review)

Date: May 3, 2010 - August 31, 2010

An employee in this temporary summer position will work with a diverse and passionate team of professionals who are leading the challenge of promoting safe, sustainable water supplies. This employee will provide technical assistance in southern Saskatchewan with projects in native and tame grasslands and/or riparian areas.

Typical duties and responsibilities may include:

- Range and/or riparian health assessments;
- Habitat measurements and ground-truthing;
- Collection of spatial data;
- Operation and maintenance of data collection equipment;
- Landowner contacts; and
- Data recording, input, and analysis.

Preference will be given to students and graduates who are enrolled in, or have completed, a natural science related program in Biology or Agriculture. Applicants should be capable of performing physically demanding tasks, and be enthusiastic, team players who can relate well with private landowners. Applicants must have a valid driver's license and be eligible to work in Canada. Travel, sustenance, and accommodations will be provided when required to work away from headquarters.

To Apply:

Please submit a cover letter (quoting competition number), detailed résumé, and two references by **February 26, 2010** to:
