

# Saskatchewan Newsletter

April and May 2010

Hi everyone!

The school year may be winding down, but May will be an exciting month for NASP. The first Canadian Online Nationals will take place from May 10-14. This is a huge step for NASP in Canada and should be a great tournament with participants expected from B.C., Alberta, Nova Scotia and of course, Saskatchewan. We were able to get some of the awesome gold prize bows for top individual shooters who qualify for awards.

Registration for the tournament opens next week (May 3) so please register asap and remember to have your BAI registration numbers and accounts set-up prior to registering.

Happy Spring!
